

# Documentation of [ClareBelle](#) (Now referred as Bimbo)

Hello! This is a **REVISED** document to expose an individual that has been going around twitter harassing individuals and sexualizing minors and getting away with it multiple times.

Their previous account has been suspended ([ClareLaBelle](#)). However, they have ban-evading and continue to harass individuals by creating alts and spreading misinformation defamation around. I will be calling the names of these individuals as they play an important part in this situation.

## PikaPika-2000

The individual Clare had harassed is an individual by the name of PikaPika-2000. They are an extremely suicidal individual that Clare took advantage.

Clare has made misinformative and defamation posts about PikaPika, humiliating them in public for being a "Pedophile". PikaPika is not a confirmed pedophile. However to Clare, that is not the case. (See picture below)

This person is an FNF pedo! Don't trust them!

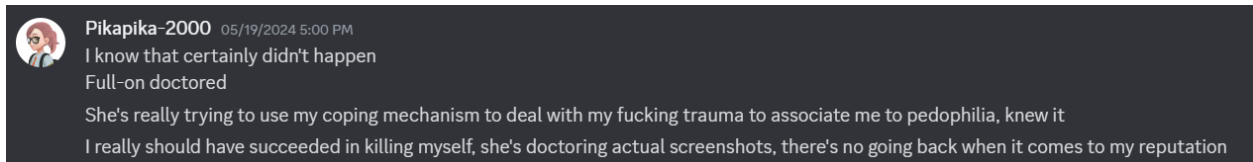

I only hope I ruined Yandere Simulator and OMORI for them. They love their pedo gf Jeanne "Joan" Barnard.

According to PikaPika, this harassment has been dated back since 2+ months, harassing their boyfriend who has nothing to do with this situation, and has been harassing her calling her a pedophile.

They have sent a picture of PikaPika displaying cream and tails porn. However no indication of the message was truly sent out (aka Message ID and what server it was from). Making the evidence somewhat invalid. Pika even confirmed that it was doctored/faked

*Note that PikaPika is 22 years old.*

***\*Due to Clare's ongoing harassment. The user who been harassed is going through alot of Suicidal Tendencies. They had been sent to the hospital to be better. For proof, here is a picture of said hospital room. They don't wanna be a part of the situation any longer, so it is best to not contact them about the drama.***

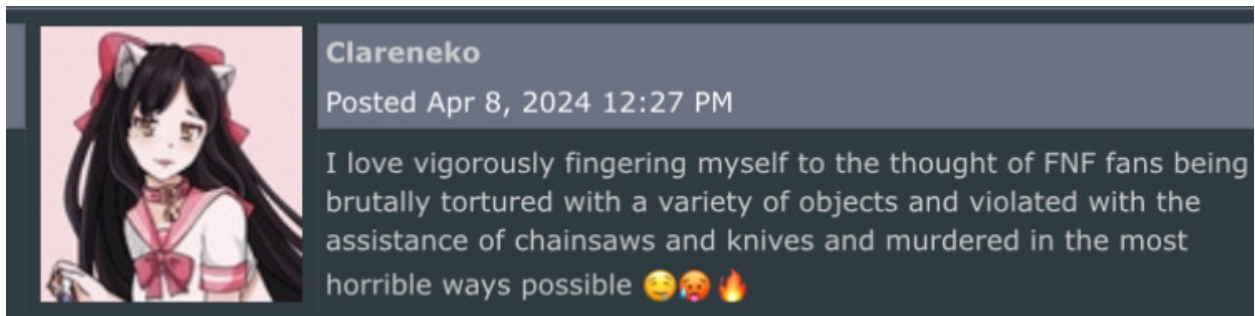

## Sexualizations

Clare had been called out for sexualizing alot of things. Mainly calling one of the FNF Modded characters “Cloudy” (if anyone knows who they are) a loli because Clare thought that the creator who created the character was made for “disgusting purposes”. There was also mentions that clare was young at the time. But it is really hard to prove as these images were either 2 years ago or last year.

As for Cloud (FNF character, B sided Sky), I only called her a loli as I thought she was created for disgusting purposes. I talked with her creator and found out this is not the case, nor does she intend for Cloud to be shipped with Senpai. I don't care either way about the character anymore and only had the grudge when I was 17 as I was immature and thought she was made for revolting purposes (I despise lolicon and everything related to it, not being a fan of anime in general).

I also have screenshots of other things Clare had been doing in other social medias.

I won't stop until every FNF fan that ever existed is beaten, tortured, violated, and murdered in my basement. They'll all die by my catgirl pussy. The downfall of FNF is nigh, with the powers of the two most hated people by the fanbase, AmorAltra and me, Clare "Belle" Rose Gardenne.

I love the mention of me, being the ex friend you sent away for being too sexy and based against the FNF fans, which you so readily love. Frankly, I'll say it was a good loss, FNF fan. All FNF fans shall perish by my catgirl pussy, my period blood shall eclipse their pathetic existences like the moon to the sun in the sky. All FNF fans will know true agony once I'm done with their rotting corpses.

## Children being mentioned

**@Camilla** Law is already abused enough nowadays even without that concept Now fucking ...

**Clare** Today at 5:56 PM

I mean, think about criminal cases in which the minors did heinous things, like Junko. The 17 year old leader deserves those 20 years in prison and his lackeys deserved more than the 5 to 10 years.

**@Camilla** BUT THE FUCKING SHIT YOU KEEP SAYING IN SUBJECTS LIKE THESE WILL IN FACT ...

Better than teens fucking and then getting pregnant cause they wanted the “forbidden fruit”

**what.**

**Clare** Today at 3:59 PM

The forbidden fruit as in how society in America is super sex negative

The more something is forbidden, the more people wanna do it

[redacted] Today at 4:01 PM

so a pedophile raping someone under 18 and possibly impregnating them is better than readily having an abortion and the such.

:/

people once you turn

**Clare** Today at 6:59 PM

Still though

I think someone engaging in shotacon/lolicon is less problematic than

Actually going after irl kids (edited)

**Clare** Today at 7:04 PM

Like, imo, the AOC should be 16+ everywhere, cause teens are gonna bang regardless, same with why I think prostitution should be legal, so there can be laws to protect them since it's gonna happen anyway

But a lot of people online claim it's illegal to even glance at younger people once you turn 18 <.<

(Note: Clare was defending lowering age of consent so minors can legally fuck)

**Update:** People have recently made a space. Telling Clare to move on and stop being a dick to people. However, despite the space, she decided to ignore what people say and still continue on being a genuine dick to others. This is a result of no matter how much you tell Clare, her big egotistical brain would ignore otherwise. This is basically dealing with an asshole with selective hearing. So don't bother trying to talk it out with Clare. She would dodge your question with an unrelated answer and will not listen to you.

The people in the space have literally wasted 3 hours trying to change Clare to move on.

# Debunking The Document

This part is to discuss clarebelle's document as it hasn't been discussed in the previous document thoroughly. **(Note: We are going to discuss part of the document. It is recommended to read her document to take notes. We cannot debunk an entire 93 page document.)**

So, as you know, I'm quite disliked by FNFTwt, especially Senpaitwt. My friends have been aware of this since about June 2023, when I initially started disliking FNF due to traumatic events in that time period making the game become a bad trigger of mine despite formerly being a game I liked. Since then, I openly expressed my disliking towards the game, particularly due to a couple of people from an FNF server I was in the past from still harassing me from time to time. Nothing more escalated from this, that is, until December 16th, very shortly after my 20th birthday.

Nothing really to note here. This is basically all true by all means. They were (around) 19. They became a hated user within the FNF Community for basically begging and harassing other FNF users and stating very gross and sexualizing things about the FNF characters. (See previous information above).

This began shortly after my groomer Joan (Jeanne Barnard, who I'll be talking more about later) spread several lies about me after saying I would expose her for the shit she's done to me. I will be detailing these lies later in the document and be debunking them as well, as well as general lies about me.

Misinformation. Joan never groomed anyone and it's really creepy how ClareLaBelle is displaying their full name in the document. Unless the user has posted it before, but just because the user posted it, doesn't mean you get to use their name in Defamation.

I referred to them (falsely, which I apologize for) as a Nazi as I saw them sharing content from Hetalia, an anime infamous for mocking the Holocaust, which personally hurts me as a Jewish woman, made what seemed to be a blonde haired, blue eyed version of my sona saying it "fixed" her (severely worrying implications), saying they only like men with blonde hair and blue eyes, as well as sharing art of countryhuman Germany (Portrayed as a Nazi) in a romanticized style. I acknowledge I was definitely overthinking it and it wasn't the case, and I have apologized for making this accusation. They are not one, and I apologize for the misunderstanding.

Good to apologize. Bad no matter which way. You do not call people Nazis solely because they share content from Hetalia. And for the record, Hetalia is an Anime made to do silly motives of political and historical events. While the webcomic does focus on World War II. It does state other historical events other than WWII. Hetalia wasn't necessarily mocking the holocaust. Pretty sure that isn't what *Hidekaz Himaruya* was trying to do

This is what you've probably seen before. I apologized for the comment in awful taste about NinjaMuffin, who is a lolicon. He is a disgusting person and what he did hit very close to home as a victim of CSA, but the joke I made was unacceptable. I assumed they were defending him not just because of that, but because they claimed he was innocent/nonpedo, which hits close to home as an actual victim of pedophilia. However, he does not deserve to be raped despite this, and I heavily regret saying that..

No proof was provided. And yes, NinjaMuffin did bad things. He is the creator of FNF. Also everything isn't about you. Good you apologized tho.  
Except the last part in which u mentioned men should get raped because men should get the same suffrage as women. (Mentioned in tweets. Check profile)

This was sent to Son Dunameo, who is not a minor. He is 18-19 and was sent in response to him harassing me for months, having doxxed me and attempting to doxx my family with an obsession with getting me arrested. I have talked to the police multiple times, and they have confirmed I am in the clear, there are no warrants for my arrest, and that I have not committed any crimes. Let go of your weird fantasies.

Remember the Tentacle porn u mentioned about Senpai? Also Son Denameo never harassed you. You keep mentioning him and others when they don't like you. And you kept texting them. This has gone to the point where one of the users had to text you to stop replying to them/about them.

I referred to Cloud as one saying that I hate her for that reason, as I thought she was made for lolicon purposes. I talked it out with her creator, who explained everything (SCs down below), and I got it cleared up. Find any other evidence of me saying that and we'll talk. Like I said, I don't like fictional women, let alone girls. I don't sexualize any underage characters, I simply like Hero, who is canonically 19.

Yes, and you did send a screenshot. But still very weird of you. You also hated her so it makes it even worse.

Not only was I mocking NinjaMuffin, I have mocked YanDev many times and I don't really care either way about OMOCAT. By the logic that I support them as I enjoy making Omori and YanSim projects, you support NinjaMuffin (another lolicon) because you make mods for his game. I do not support their actions, and I have never excused them.

This is pretty obvious. Yandere Dev is a really mentally ill person. They've made shitty decisions that too this day is still unforgiven.

I am French, my father was French and my mother is German. The fact they're so offended over this is funny. I am white, and making fun of white people isn't harmful in any way. I'm bisexual with a very strong leaning towards men, and their only evidence

towards me “hating women” was me saying women can be abusive too (which is true, my second rapist was a woman). Despite the fact that yes, I am not trans, I was still targeted with transphobic remarks and “jokes” targeting my PCOS, an intersex condition. I am still a cis woman regardless of my condition.

You kept misgendering transgender individuals. Even calling them a transphobic misogynist even though they were trans themselves. This statement less of an apology or statement, but more so to fuck with people who call you out for many things. Also yes for the record, we all know what the Intersex Condition is. Some people refer to themselves as transgender for that reason. Some refer as non-binary. It’s a really complicated situation.

Some of the information you’ve heard is inaccurate, faked, or just downright rumors. I never groomed anyone nor am I a pedophile by any means, and I never said any slurs I cannot reclaim nor sent NSFW to anyone, especially not minors as a two time victim of SA. I have never interacted with anyone under the age of 13 for both my and their safety, and I haven’t talked about fetishes with anyone underage (Said “gore fetish writer” is Stephen King. Stephen FUCKING King.). I don’t even share my fetishes with anyone but my partner, and I’m very hesitant to do so even in that.

Instead of making fun of the rumors. How about you and your supporters stop referring about being fucked (sexually) and start debunking.
