Trollcow 23-Jul-23 06:48 AM

@Empresa you can tell your lil buddy Wakaba Isshiki, Michelle Naef that she better dump the identity of Chris X in his thread on Orion Farms in 48 hours or I will dump her DMs & emails, thank a prior Janny of yours for creating that lil stalker modded account I use before he left the site. (edited)

If this isn't done, she will receive a website, and will be posted to the front page of Doxbins "hall of autism" with her family.

@firegirl26 pass on the message too.

@everyone prepare for kino.
